Shivangi Aneja (Matr : 03693062)
Designed mock-ups along with others. Created HTML templates for the mock-ups.
Contributed to Event, Invitation and Notification part of the Conceptual data model. Added
mock-up screenshots to main paper and presentation.

Petar Zoric (Matr : 03720427)
Created the first UML class diagram approach together with Mehdi. Discussed it later with
the entire team. Contributed in designing the mock-ups. Filled in the main paper with
mock-ups and was responsible for the layout/styling of the main paper. Contributed to the
presentation.

Leo Eichhorn (Matr : 03670872)
Contributed in designing the mock-ups and added styles (CSS) to HTML templates. Created
UML use case diagrams for the four mock-ups and their description. Contributed to the
design of the Conceptual data model.

Mehdi Yosofie (Matr : 03706732)
Organized the documents for the deliverables. Created the UML class diagram of the
conceptual data model with Petar and discussed it with the entire team. Responsible for
editing and updating the UML class diagram regularly on Umlet. Contributed in designing the
mock-ups.

Everyone was involved in mock-up designing and Conceptual Class Model designing.
Most parts were discussed and brainstormed by all of us.
